Course Description:

In a complex and fast changing world leadership is key to navigate today's challenges in the workplace. The objectives of this course are to raise the student's awareness of the centrality of leading an organization in an ethical and sustainable way. It examines the factors that affect how people behave at work via the disciplinary bases of psychology, sociology and anthropology. Students will learn how the understanding of the formal and the informal organization as well as the motivators of human behavior enhances the leader's ability to achieve organisational goals.

Prerequisites:

N/A

Aims and Objectives:

The course aims to provide a deeper understanding of the factors that affect how people behave at work and how leadership can improve how the study of managing organizations and people can aid in improving the performance and well-being of people at work. Students will have understood how models, theories and concepts about managing organizations and people can be used to promote the effectiveness of individuals, groups and organizations.

Programme Outcomes:

A1, A2, A3, A5 B1,
B2, B3, B4
C1, C2, C3, C4,
D1, D4, D5

A detailed list of the programme outcomes is found in the Programme Specification. This is maintained by Registry and located at: <https://www.richmond.ac.uk/programme-and-course-specifications/>

Learning Outcomes:

By the end of this course, successful students should be able to:
