## Introduction

This document describes the degree of B.A. (Hons) American Studies with Combined Studies awarded by Richmond the American International University in London using the protocols required by *The Framework for Higher Education Qualifications in England, Wales, and Northern Ireland* (QAA, 2008). Also key to the background for this description are the following documents:

QAA (2011). *UK Quality Code for Higher Education. Part A: Setting and maintaining threshold academic standards A3: The Programme Level and Part B: Assuring and Enhancing Academic Quality B1: Programme Design and Approval.* ([www.qaa.ac.uk](http://www.qaa.ac.uk))

QAA (2008). *Higher Education Credit Framework for England: guidance on academic credit arrangements in Higher Education in England.*

SEEC (2010). *Credit Level Descriptors for Higher Education.* Southern England Consortium for Credit Accumulation and Transfer ([www.seec.org.uk](http://www.seec.org.uk)).

Middle States Commission on Higher Education. *Characteristics of Excellence in Higher Education: Requirements of Affiliation and Standards for Accreditation.* 2006, Rev. Ed. 2011. (<http://www.msche.org/publications.asp>)

The degree is delivered within the framework of a US Liberal Arts undergraduate degree programme. Typically students complete 40 separate courses over the programme which takes 3.5 to 4 years (approximately 10 courses per year, with summer courses allowing for accelerated progress in some cases). Normally, each course carries 3 US academic credits (equivalent, approximately, to 3 classroom contact hours per 15 week semester). On this basis, students are required to earn a total of 120 US academic credit hours in order to complete their degrees. Of these 40 courses, roughly half are at the “lower-division” taken in the first two years of study and coded 3000-4999, and half are at the “upper-division”, taken in years three and four, and coded 5000-6999.

Richmond degrees are also articulated in terms of UK Regulatory Frameworks, chiefly the *FHEQ* and the *Higher Education Credit Framework for England*. Each course has been assigned to an appropriate level on the *FHEQ*, based on the course’s learning outcomes and assessment strategies (note that the courses comprising the first year of the 4-year US undergraduate degree are normally at Level 3). US undergraduate credit can *generally* be translated to ECTS and UK CATS credits in the following manner: 1 US credit = 2 ECTS credits = 4 UK CATS credits. So a US degree of 120 credits would translate as 240 ECTS credits and 480 UK CATS credits (with a minimum of 360 UK CATS credits at Levels 4-6 on the *FHEQ*).

## 2. Programme aims and objectives

### 2.1. Educational aims and mission of the programme

#### MISSION

The American Studies major is both multidisciplinary and interdisciplinary and is directly related to Richmond's identity as an American International Liberal Arts system university. The major aims to graduate students with a strong grasp of the history, politics and culture of the Americas within a broad context of globalisation. While the primary focus of the major is on North America this is framed within the context of global interconnections and with reference to the Americas as a whole. The core courses in the major provide a thorough grounding in American culture, history, politics, cultural theory and research methodology. Optional courses allow students to develop and refine their own interests culminating in an extended independent research project. While not a requirement of the degree opportunities for a Junior year semester abroad in the USA or Canada are available. Senior year students achieving the required GPA are encouraged to participate in the university's Internship Programme. The programme provides a background both for postgraduate study and, via the Internship Programme, for eventual careers.

#### GOALS

- To develop a broad understanding of the discipline of American Studies.
- To competently integrate the knowledge and skills acquired in the course of studying for the U.K. B.A. (Hons.) American Studies with Combined Studies within a U.S. Liberal arts framework.
- To equip students with the skills necessary to undertake successful postgraduate study and/or applied professional training after graduation.
- To maintain academic standards equal to or better than comparable B.A. degrees offered by U.K. universities.

### 2.2. Subject benchmarks

Area Studies 2008

<http://www.qaa.ac.uk/Publications/InformationAndGuidance/Pages/Subject-benchmark-statement-Area-studies.aspx>

### 2.3. Internal contexts

*B.A. (Hons) American Studies with Combined Studies* features:

Detailed published educational objectives that are consistent with the mission of the institution: All course outlines contain course specific objectives that are regularly monitored by the individual instructors and by the Humanities and Social Sciences faculty as a group.

Processes based on the needs of the programme's various constituencies in which the objectives are determined and periodically evaluated: Each degree's Annual Programme Evaluation (APE) is a central element of Richmond's internal quality assurance and enhancement processes. APEs measure the academic quality and standards of the programme, identify good practice, record any issues to be addressed, and, from year to year, track the ways in which those issues have been addressed. During the APE process, the academic schools:

- consider student input via course evaluations;
- consider any formalized faculty course evaluations conducted;
- consider all External Examiner reports;
- examine the Programme Specification, and note any changes required;
  - any major changes (“those which change the basic nature of the programme or student experience”) to existing programmes are first approved by LTPC;
  - in the case of validated programmes, they are also submitted to the Open University (Centre for Inclusion and Collaborative Partnerships) for external approval.

A curriculum development process that assures the achievement of the programme's objectives, and a system of ongoing evaluation that demonstrates achievement of these objectives and uses the results to improve the effectiveness of the programme: Ongoing evaluation is carried out for both the US (*Middle States*) and UK (*The Open University – CICP*) institutional reviews, and independently by departmental members (when updating modules) and by students (during regular faculty-student meetings). The LTPC closely analyses the APEs of all degree programmes, and The University's response to the AMR is considered at the Schools and at LTPC. A comprehensive additional formal and substantive review takes place every five years, which is also supplied to The OU as part of its revalidation process of Richmond's degree programmes.

#### **2.4. External contexts**

***B.A. (Hons) American Studies with Combined Studies*** is provided through a system of ongoing evaluations that demonstrate achievement of the programme's objectives, and uses the results to improve the effectiveness of the programme. Ongoing evaluation is carried out for both US (the Middle States Commission on Higher Education) and UK (The Open University – CICP) reviews. Richmond is a voluntary subscriber member of the QAA, and underwent its first full Institutional Review in May 2013. Students are encouraged to attend meetings, lectures at other London universities, institutions, think-tanks, agencies and organisations as is appropriate.

Full-time staff belong to relevant professional organizations such as the the British Association of American Studies (BAAS), the International American Studies Association (IASA), the Mid-America American Studies Association (MAASA), the Salzburg Seminar American Studies Alumni Association (SSASAA), the International Association of Cultural Studies (IACS), etc. Full-time faculty also serve on editorial boards of and/or serve as regular contributors to professional journals such as *American Studies (UK)* and *American Studies (with American Studies International) (USA)*. Professor Seago is the UK representative of the Salzburg Seminar American Studies Alumni Association.

Students are encouraged to attend meetings and lectures at other London universities, institutions, galleries, think-tanks, agencies and organisations as is appropriate.

### 3. Programme outcomes

Programme-level learning outcomes are identified below. They are based on *SEEC* categories associated with specific levels of the *FHEQ*.

The American Studies programme at Richmond the American International University in London is a four year programme where the discipline is studied along side a range of other subjects. Standard Assessment Norms			
FHEQ level	Richmond/UK Level	Normal number of items (including final exam)*	Total assessment
Level 3	R3000/UK A-Level	3-4	1 two-hour final exam plus 2000-2500 words

Excluding all atypical courses, the following should apply to all courses:

- All undergraduate courses should include one 2-hour final exam, with exceptions approved by the department.
- Final exams should normally be no less than 25% and no more than 50% of the overall final grade.
- Instructors may not fail a student solely for failing the final exam if all graded activities result in a passing grade for the course.
- Midterm exams are not obligatory.
- At Level 3, the normal length per item should be between 500-1000 words, or equivalent (not including finals).
- At Level 4, the normal length per item should be between 1000-1500 words, or equivalent (not including finals).

- At Level 7, word count will need to take into account the inclusion of a final exam.
- Attendance and participation cannot be assessment activities.
- Formative assessments are at the discretion of the instructor and do not count toward the number of items or toward the total word count.

<b>Writing Intensive Assessment Norms</b>			
<b>FHEQ level</b>	<b>Richmond/UK Level</b>	<b>Normal number of items</b>	<b>Total assessment</b>
Level 3	R3000/UK A-Level	3-4	3000-3250 words

**Courses designated as Writing Intensive differ from the Standard Assessment Norms by:**

- No final exam
- The total amount of written words will normally increase by 50%

There are some other exceptions and those courses will follow a Special Programmes (eg. ADM, ARW) or Dissertation table approved on 28 June 2012 by Academic Council. Details of these can be found at: <http://www.richmond.ac.uk/content/academic-affairs/academic-standing.aspx>

For courses that have atypical assessment norms and do not follow one of the approved tables, assessment will first be approved by Learning and Teaching Policy Committee.

**Grade Assessment Criteria/Marking Scheme**

In order to obtain the **B.A. (Hons) Social Sciences: American Studies with Combined Studies** students require (amongst other requirements) a cumulative GPA across the entire degree of 2.0. This is a 'C' average. A minimum GPA of 2.0 must also be achieved in all courses taken to fulfil major requirements. For information on the calculation of the OU GPA as a basis for final degree classifications, see the myacademics page of the university portal at: <https://my.richmond.ac.uk/myacademics/default.aspx>

Course syllabi documents clarify, for each learning outcome, how that particular learning outcome is assessed, and what the threshold criteria for that particular learning outcome is, specified at the 'C' (GPA 2.0) level (i.e. a passing grade)

There are three 'pass' grades (and 7 sub-categories of 'pass' grade) in the **B.A. (Hons) Social Sciences: American Studies with Combined Studies**. The following general criteria are used to distinguish between these grades:

- gives evidence of very wide reading and extensive knowledge of relevant theory and recent research
- is very well structured, putting forward cogent arguments which are well supported by carefully evaluated evidence
- superior (A-) or outstanding (A)

**Grade B** applies to work which:

- goes beyond the foundation level to develop a more questioning and analytical approach
- goes beyond the basic required reading, to study and discusses recommended texts and articles

- demonstrates the skills to present a balanced and comprehensive discussion
- has been completed with a thoroughness aimed to get the most learning out of the exercise
- good quality (B-), very good (B), or excellent (B+)

**Grade C** applies to work which:

- is basically competent, although undeveloped
- fulfils the requirements of the assignment at a foundation level, involving:
  - adequate coverage of the essential information specified, and
  - the skill to present that material coherently
- selects relevant named references and quotations
- just below average (C-), average (C), or showing signs of reaching above average (C+)

**Grade D** applies to work which:

- has been done without proper understanding of the requirements
- is too short, or long and unedited or lacks structure
- relies on superficial, subjective statements
- uses unreliable and inappropriate sources, **such as Wikipedia**
- uses incorrect, or confused information
- fails to make proper use of named references and quotations
- unsatisfactory work (D-), very poor work (D) and work which is weak (D+)

**Grade F**, a fail, applies to:

- non-submission of work or work which is illegible
- late work after one extension has been given
- work which may be competent, but is either:
  - irrelevant (i.e. does not address the requirements of the assignment), or
  - uses un-attributed material (plagiarism)

## 6. Distinctive Features and Regulatory framework

*B.A. (Hons) American Studies with Combined Studies* is distinctive in that it broadens the academic experience of the students as a consequence of Richmond's US Liberal Arts framework and General Education requirements, and deepens it through the sequence of course requirements within the programme. This balance between a core of requirements and a range of choices is a key characteristic of the US system of Liberal Arts undergraduate education. While mapping of the US system onto UK regulatory frameworks has presented another opportunity for quality enhancement, accommodation of the special nature of the US liberal arts degree is achieved in the additional "Combined Studies" designation for each major. Developing this distinctive approach, the Richmond programme aspires to the best theory and practice from both sides of the Atlantic.

The *B.A. (Hons) American Studies with Combined Studies* is operated under the policy and regulatory frameworks of Richmond the American International University in London, the Middle States Commission on Higher Education, the *Framework of Higher Education Qualifications*, *UK Quality Code for Higher Education*, and The Open University policies and procedures for validated institutions.

The following sub-sections include the relevant University or institutional policy documents, where applicable.

### 6.1. Admissions

#### Criteria for Admission

To be considered for admission, prospective students should:

- normally be at least 17 years old, have completed a minimum of 12 years of schooling, and hold the required grade(s) in a complete US high School Diploma, UK GCE A levels, or other UK or international qualifications deemed equivalent by the University, by the start of the programme;
- have completed an application via UCAS, the Common Application or direct to the University, including a personal statement and academic reference and supplying verification of existing academic and English language attainments as required by the University.

Further details of qualifications accepted and grades required may be found on the University website, noting that these are common to all BA programmes at the University and there is no requirement as to the subject of entry qualifications. Prospective students from the United States should note that SATs are optional but not required. Whilst not routinely required, prospective students may be invited to interview where this is considered necessary in order to fully consider their application.

Prospective students with specific levels of subject achievement in Advanced Placement Tests, GCE A Levels and some other UK and international qualifications may enter with Advanced Credit and be given exemption from certain courses of the programme. Normally, Advanced Credit may be given for a maximum of 30 out of the total 120 (US) credits necessary to complete the programme. The University also welcomes applications from prospective students with previous Higher Education study who,

depending on subjects taken and grades achieved, may be given up to 75 Transfer Credits against the total 120 (US) credits necessary to complete the programme.

Students who are not nationals of a majority English-speaking country should normally have achieved CEFR level B2 in a secure English Language test acceptable to the University prior to entry to the programme. At the University's discretion, students in this category who are EEA nationals may be excused this requirement where they have recently undertaken a full time programme of study of at least 2 years duration with English as the medium of instruction.

Prospective students who do not meet the above academic and/or English language requirements may be permitted to enter this programme at the appropriate point after having first satisfactorily completed a Foundation Year and /or Academic English language programme at the University.

Further details of all of the above may be found at the appropriate page of the University website, where a comprehensive Admissions Policy and Summary of Practice document is also published (<http://www.richmond.ac.uk/content/admissions.aspx>)

## **6.2. Assessment**

A proper assessment of student learning and progression of skills gained is fundamental to the work of the University. Much of what shapes the University's perspective on this has already been mentioned within section 4.2, above, under Assessment Strategy, which has been shaped in accordance with the expectations outlined in Section B6 of the *UK Quality Code for Higher Education*.

The University is also in compliance with Standard 14 on 'Assessment of Student Learning', as laid out by the Middle States Commission on Higher Education. Standard 14 includes the following passages:

"The systematic assessment of student learning is essential to monitoring quality and providing the information that leads to improvement. Implemented effectively, the assessment of student learning will involve the shared commitments of students, administrators and academic professionals... Assessment is not an event but a process and should be an integral part of the life of the institution."

(<http://www.msche.org/publications.asp>).

## **6.3. Progression**

Progression is built into the Programme Outcomes (Section 3 above), as they are derived from the *SEEC* categories associated with specific levels of the *FHEQ*. Learning outcomes in each individual course are therefore level-specific, ensuring an appropriate structure of progression through the degree, with students at graduation meeting the requirements of the QAA subject benchmarks.

#### **6.4. Placement**

The Internship Office the University offers a formal mechanism through which students may receive work-placement opportunities. These placements are supervised, career-related work experiences combined with reflective, academic study that help students apply theoretical knowledge in the workplace. Participation in the internship programme is optional, but students who choose to take up a placement receive academic credit for their placement and associated academic work. For full details of the internship programme, please see: <http://www.richmond.ac.uk/content/academic-programs/internships.aspx>

Expectations with regard to careers education, information, advice and guidance (as outlined in Section B4 of *The UK Quality Cole for Higher Education*) are handled by the university's Student Affairs department. This department conducts a variety of career services for students, ranging from resource provision to a CV service, and in particular through the LEAD (Leadership, Education and Development) seminar series. For full details of career services offered to students at Richmond, please see: <http://www.richmond.ac.uk/content/student-affairs/career-services.aspx>.

In addition to these services, the alumni office offers networking opportunities where students may contact alumni working in a variety of fields. The alumni office also offers these services via social media such as LinkedIn and Facebook. Please see: <http://www.richmond.ac.uk/content/alumni.aspx>

#### **6.5. Study abroad**

Richmond classes benefit every semester through the arrival of c. 100 study abroad students from colleges and universities within the United States. These students, who mostly enrol in classes at levels 5 and 6, very often bring with them a distinct set of values and approaches to learning that can be both enriching and challenging. Richmond faculty have the breadth of experience necessary with which to capitalise on the positive aspects of this class room dynamic. Please note that Study Abroad students register for classes *after* Richmond degree-course students have completed their registration process.

Richmond students have the option to take a leave of absence and travel away from the university as a 'study abroad'. In practice, however, very few students take this option up. It is more common for Richmond students to take a limited number of classes at other accredited colleges and universities during the summer, and then transfer these back to Richmond for inclusion toward their graduation requirements. All courses taken elsewhere must be pre-approved by the Office of Academic Affairs. All such courses are rigorously scrutinized, and only credit from appropriately accredited programmes, earned with a grade of C or above, are accepted for transfer. There are strict requirements regarding the number of courses and at what level may be taken outside of Richmond. Please see under "Graduation Requirements" at:

<http://www.richmond.ac.uk/content/academic-affairs/graduation/graduation-requirements.aspx>

#### **6.6. Student support and guidance**

All students have an allocated full-time faculty member who acts as their academic adviser. Academic Advisers have on-going responsibility for students' academic progress, meeting with each advisee at least once per semester. Advisers assist students

with registration, enabling smooth progression through the degree. They also advise on postgraduate and career opportunities, and also provide pastoral support in many cases.

A range of Maths, English, Technology and Writing workshops have been established to support students with particular needs in these areas. Librarians are on hand to assist with library use, which includes instruction in web-based resources.

In accordance with the 2010 *Equality Act*, and with Chapter B4 of the *Quality Code for Higher Education* (Section 2: Disabled Students) Richmond endeavours to make all practical and reasonable adjustments to ensure students are able to fully participate in the University community. Students who declare a physical disability or a special educational need are accommodated to ensure the quality of their educational experience meets their individual requirements. SEN students, for instance, receive extra time in examinations, and have the option of writing exams on university-provided computers, and/or of taking exams in a separate room. Please see:

<http://www.richmond.ac.uk/content/student-affairs/students-with-disabilities.aspx>

The university operates a well-staffed Student Affairs department that provides services intended to support and encourage student welfare, safety and development. This department oversees medical registration of students and provides counseling services. It also organizes a range of extracurricular activities and travel designed to further enhance students' educational experiences. Disciplinary and social grievance procedures are also overseen by this department. For a full description of Student Affairs' activities, please see: <http://www.richmond.ac.uk/content/student-affairs.aspx>
