Assessment:

This course conforms to the Richmond University Standard Assessment Norms approved at Academic Board and located at: <https://www.richmond.ac.uk/policies/>

Teaching Methodology:

The approach is structured and the learning strategy is designed to provide students with both the frameworks and analytical tools to enable them to develop individual analytical processes and styles. Analytical frameworks are explored in both formal lectures and seminar sessions. Case studies are used to reinforce these frameworks in a practical way. Strategic and practical elements are also reinforced in the semester by use of a business game where set groups compete against each other. A substantial amount of direct reading is essential on this course. To help with this students are provided with relevant reading material for their personal use.
