Course Leader:	Dr. Greg Gannon
Student Engagement Hours:	200 (standard 4-credit MA course)
Lectures:	
Seminar / Tutorials:	
Independent / Guided Learning:	200- 240 hours
Semester:	Summer
Credits:	20 UK CATS credits 10 ECTS credits 4 US credits

Course Description:

MBA Entrepreneurship students will take part in an intensive, immersive five-week entrepreneurship program in Silicon Valley, CA. This formative learning experience aims to develop the essential start-up skills entrepreneurs need to launch and sustain a successful venture, gain exposure to industry experts, and network with other like-minded entrepreneurs who share their vision of changing the world.

Each student will also complete a series of reflective entrepreneurial learning assessments. These assessments have been designed to help the student reflect on the skills they are learning, the benefits gained from the entrepreneurial learning experience, and to help them determine in which direction their current entrepreneurial skills and business ideas need further development.

Prerequisites:

MBA Entrepreneurship students only. All taught provisions must have been completed prior to the start of the course.

Aims and Objectives:

- To provide students with an opportunity to participate an immersive entrepreneurship training programme.
- To develop the hands-on skills needed for an entrepreneurship.
- To prepare students for entrepreneurial careers.
- To reflect upon entrepreneurial ideas and possible future business plans.
- To develop students' professional communication skills

Programme Outcomes:

A1-A3, A5, B1-B5, C1-C5, D1-D5.

A detailed list of the programme outcomes are found in the Programme Specification. This is located at the archive maintained by Registry found at:

<https://www.richmond.ac.uk/programme-and-course-specifications/>

Learning Outcomes:

By the end of this course, successful students should be able to:

Subject Knowledge and Understanding (A)

1. Apply, in a practical manner to the business environment, knowledge and understanding gained through formal study
2. Use tools and techniques in practical business situations and critically evaluate their appropriateness and effectiveness
3. Test strategic concepts and theories and reflect on how successfully they can be applied in practice, in complex and familiar and unfamiliar real-life situations
4. Discuss current issues affecting business and key topics of academic debate and research.

Cognitive Skills (B)

1. Examine and comment upon the key aspects of organisational strategy, with particular emphasis on its influences and drivers and how options are evaluated and implemented in the organisation
2. Understand and reflect upon a firm's profit situation, identify reasons and offer solutions
3. Explain how their studies and research relate to the business environment

Subject specific, practical and professional skill (C)

1. Apply knowledge that will help them plan and evaluate future study and career development.

General/Transferable Skills (D)

1. Develop the interpersonal skills required to enable them to work efficiently as a member of a team trying to achieve organisational goals.
2. Developed a range of skills and attributes which will contribute to employment opportunities

Indicative Content:

- critical reflection on the internship experience
- the range of career pathways possible within the field of business and management
- hands-on skills within a specific sector of the field of business and management
- writing within a professional context
- how to approach the search for an internship

Assessment:

This course conforms to the University Assessment Norms approved at Academic Board.

Teaching Methodology:

‘Experiential Learning involves direct encounter with the phenomena or discipline being studied and the learning is achieved through reflection upon the everyday experiences’ (Houle 1980). The Internship program utilizes these ideas and assists student with the process of self-learning support by a faculty supervisor. Faculty supervision will be in a combination of meetings, correspondence through email, and assessment of written work.

Indicative Text(s):

There is no set text for this programme as students will research and read material relevant to their topic.
