Course Description:

For students working independently on their Master's thesis. An extended thesis of 15,000 words is offered as an alternative to the mandatory internship. The extended thesis encourages students to study intensively a topic agreed with a supervisor, and so develop skills and experience which can be applied in work placements or further graduate work. Students apply their knowledge from across the fall and spring semesters to researching and developing a project, which may relate to the internship. This course is comprised of intensive and regular meetings on a group and one-to-one (by appointment) basis with a project supervisor to discuss the progress of research, development and writing.

Prerequisites: MA Film: Science Fiction and Fantasy students only, offered only as an alternative to those not taking the mandatory internship.
