Credits:	16 UK CATS credits 8 ECTS credits 4 US credits

Course Description:

This is a final course for International Business students. It provides a managerial perspective into managing the structure and operations of multinational corporations (MNCs) in the global business environment. Major managerial issues are studied from the MNC's perspective and the problems of planning and executing business strategies on a global scale are analysed. A project in International Business is required.

Prerequisites:

MGT 5200 Research Methods and Data Analysis

Aims and Objectives:

By the end of the course students should be able to

- Explore and analyse the macro environment in which international business is conducted.
- Examine the MNC from a strategic and functional standpoint.

Programme Outcomes:

Business Management: International Business: A1-5, B1-3, C1-2, D1-5

Business Management: Entrepreneurship: A1, A3, A4, A5, B1-4, C1-2, D1-5

A detailed list of the programme outcomes is found in the Programme Specification. This is maintained by Registry and located at:

<https://www.richmond.ac.uk/programme-and-course-specifications/>

Learning Outcomes:

Upon completion of this course, a successful student should be able to

Knowledge and Understanding

- Understand the nature and context of international business and its development
- Understand the legal and ethical issues at the international level
- Gain a practical insight into the management of international business and to be able to apply the skills learnt.

Cognitive Skills

- Evaluate statements in terms of evidence,
- Define terms adequately and to generalise appropriately.
- Apply ideas and knowledge to a range of business and other situations.

Practical and/or Professional Skills

- Engage as team members in group work that will require intellectual, reflexive and aesthetic applications within the framework of a case study based portfolio

Key Skills

- Effective oral and written communication skills in a range of traditional and electronic media.

Indicative content:

- The drivers of globalisation
- International Trade
- Is Globalisation Good
- Cost Pressures
- MNC strategies
- Business Development strategies

Assessment:

This course conforms to the University Assessment Norms approved at Academic Board and located at: <https://www.richmond.ac.uk/university-policies/>

Teaching Methodology:

This course conducts an effective and flexible teaching approach in accordance with students' learning progress throughout the semester. Weekly lectures will be engaged to demonstrate essential, sufficient and structured information of each topic. Every lecture slot is followed by one seminar scheduled for group discussions/presentations which are relevant to weekly topics. Students are strongly encouraged to study reading lists ahead of lectures and preview group exercises ahead of seminars. The course will be taught using a variety of methods including lectures, directed reading, case studies analysis, back-to-back class activities and weekly tasks, video-clips and class discussions, weekly class-activities, team-based project work.
