Seminar/Tutorials:	15
Independent/Guided Learning:	75
Credits:	12 UK CATS credits 6 ECTS credits 3 US credits

Course Description:

This course explores the diverse and expanding practice of sport management in an international context. Alongside the underpinning theoretical concepts, students will explore international sport management theory and practice within functional areas such as finance, human resource management, and marketing, as well as from historical, cultural, political, and business perspectives. Contemporary issues related to the management of international sports, such as risk management, the media and sponsorship are also examined.

Prerequisites:

MGT 3200 Foundations of Business

Aims and Objectives:

This course enables students to:

- Develop an historical understanding of the management of sport in terms of the organisational sectors that constitute sport associations and clubs.
- Critically evaluate the nature and the role of governance and management as it relates to international product and service provision.
- Critically analyze general management principles and the components necessary for the successful management of sport.
- Explore how the key functional areas of management can be applied in a sporting context.

Programme Outcomes

Assessment:

This course conforms to the University Assessment Norms approved at Academic Board and located at: <https://www.richmond.ac.uk/university-policies/>

Teaching Methodology:

Teaching will be a combination of lectures, seminar discussions and workshops, using case studies and drawing on students' own experiences where appropriate. Lectures will be designed to cover the fundamental issues and build upon the recommended book chapters from the reading list and additional recommended readings. Students will be advised to supplement lecture notes by reading the relevant indicative reading(s).

The lectures will be participative in nature and will encourage commentary, application to real life scenarios/experiences and questioning to help develop deep learning and understanding, in addition to transferable skills.

Weekly seminars will support and enhance student learning through the presentation of information in a coherent and concise manner. Seminar sessions will require both individual and team participation and students will be encouraged to come prepared to participate in class.

Blackboard will be used to upload lecture notes and other essential course- related information.
